Steel Tubing

Welded steel  
frames for  
superior  
strength  
and durability.

Custom fit fiberglass tops, side panels,  
and doors for dependable moisture  
protection inside and out.

# Drain Troughs

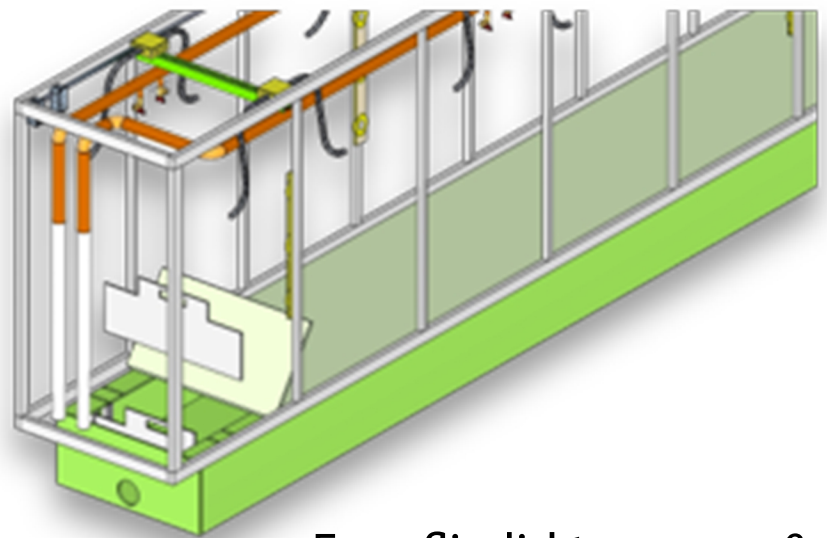

by **CACO** MFG CORP

## Features & Benefits

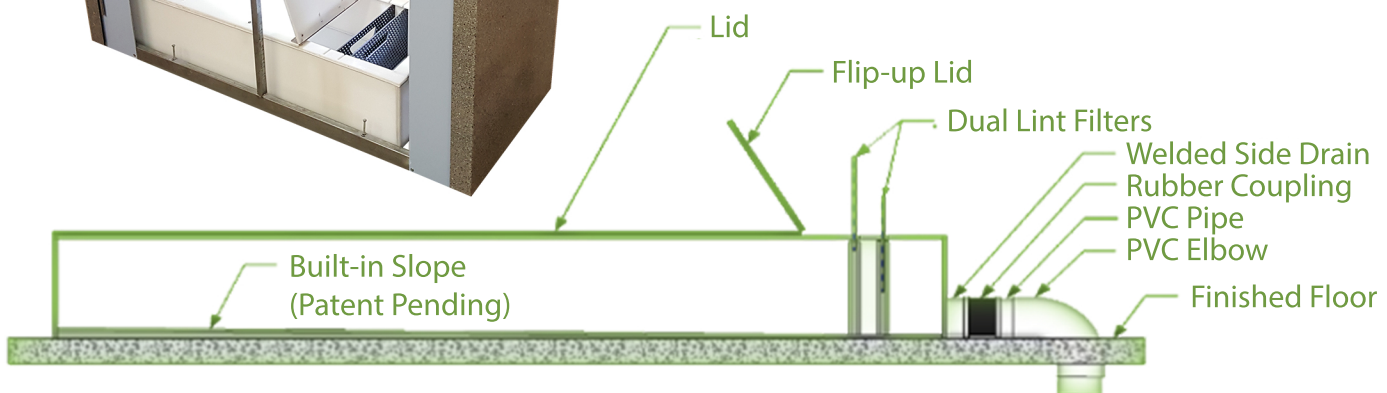

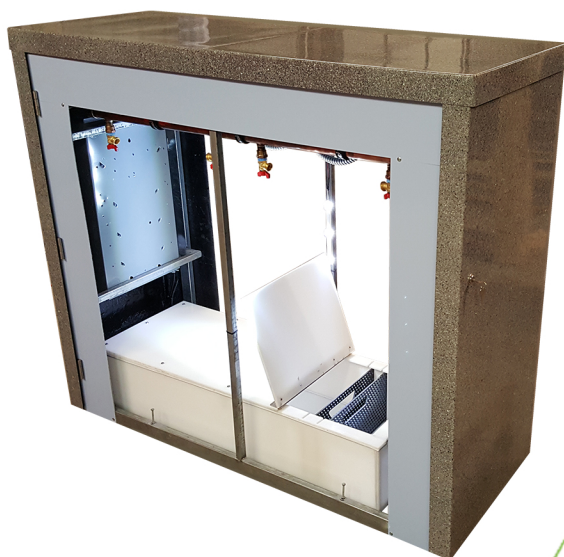

- Troughs can be manufactured to any desired custom length.
- Dual Lint Filters to prevent drains from clogging.
- The Drain Outlet can be installed on the front, sides or bottom.
- Troughs come standard with a lid to reduce odors and prevent water splash out.
- The Lid is suitable for pedestrian traffic.
- Lid helps to contain excess suds.
- Troughs have a built-in slope towards the drain.
- Washing machine discharge drains can be installed in the top or sides.

## Patent Pending Drain Trough System

Easy flip lid to access & clean the dual lint filters
